Profile Summary

Versatile software developer with 5+ years of experience, starting as the first employee in my organization and evolving through diverse roles and technologies. Proficient in Java, Kotlin (Android), React Native, ReactJS, TypeScript, NextJS, NestJS, and currently specializing in VueJS. I've contributed to impactful projects across domains like education, e-commerce, community apps, chatbots, financial platforms, and food ordering systems. Known for adapting to organizational needs and delivering results, I aspire to explore challenging frameworks such as Django, Flutter, Angular, Python ecosystems, and dive into AR/VR development while mastering my current expertise.

Key Achievements

1. 'Go-to person' for organizational initiatives and complex problem-solving.
2. Progressed from trainee to 'senior developer', driving client solutioning.
3. Acted as a 'mentor and leader', empowering team growth at every stage.
4. Improved development speed and quality with 'efficient code architecture' and reusable components.
5. Delivered '20+ projects', with 15+ successfully going live.
6. Awarded 'Beyond Call Duty' as the best employee in 2022 for outstanding contributions.
